Lanslim Crack Download X64

Lanslim is a low consumption, secure and reliable instant messenger software which is designed to enable people to chat privately with their team, friends or clients. With its features and ease of use, Lanslim is a perfect tool to make your life easier. Create Your Own Messaging Applications As you can understand, the problem of information exchange today is huge. It is not any surprise that even without a big company communication is a real pain. People from all over the world are chatting on multiple platforms. Therefore Lanslim looks for a solution to solve this problem. Any user is able to make their own software or publish it as a Free Software, but also combine it with existing and proprietary software. Regardless of the environment, Lanslim can do everything that an existing client does. If your company, as a manufacturer, is looking for a tool with an easy to use interface that simplifies the creation of any messaging application as well as the installation, this is your tool. Give your users the chance to participate in the creation of the message by putting together various features in a single system. As a result, you will be able to generate your own communication software in just a few steps, even if you have never created messaging applications before. Instantly, Lanslim is a one-way messaging system that allows users to talk with friends, clients and team members, without interfering with others. Lanslim can be set to automatically make its client invisible and to send chat messages on a background thread. When you are going to use your client, the screensaver turns off to prevent anyone to copy the conversation. Lanslim Features: - Private chatroom - One-way messaging - Floating windows - Audio / Video chat - Teamchat - Private channel - Password protected system - Receive and send message - Instant messaging and chat - User group - Restore messages - Instant transfer - Volume Control and mute - Export and import message - Manager System - Instant messages - Search - Direct connect - Text message - Video conference - Text-to-speech - Conversation history - History message - Printing - The search of the deleted chatmessages - Log view - Can be run as a Windows Service - Distributed - All in one - Plug and play - Automatically import message - Automatic update - List or not list - Export and import contacts - Task scheduler -
