BloodRayne: Betrayal definitely is not for everyone but if you look for a good challenge there will be few games that can compare to it. It is a quality title that does contain some flaws, but I'm still a fan of the game. Fans who are into arcade style action/platforming should love this title. If you are going to play this game then I recommend taking your time and giving it a chance. It's considered a Mega Drive 2 (from what I've researched anyway) and the action has little to no slowdown and no bugs. Overall, BloodRayne: Betrayal may not be for everyone, but if you can handle the difficulty and don't mind a few clunky controls, you will have a lot of fun. I give this video game an 8.5 out of 10. BloodRayne: Betrayal is in my top five list for the best action/platformer games for the Sega Mega Drive. I highly recommend this game and it is definitely worth a play. It's basically one of the best games for the Mega Drive. You can see some more of the video on my Youtube channel. I have many more video reviews of the games for the Mega Drive on my channel. The BloodRayne series has been on a downward slide since the beginning of the last decade with many of the sequels appearing to be inferior to the first. While this has not always been the case, the last film in the series, BloodRayne 2: Deliverance, left little hope for the other films. While the first film was packed with moments of pure bliss, the last film was filled with absolutely nothing but cliché and a few entertaining moments. It is often difficult to review films such as this; the last BloodRayne film features one of the least important characters and more often than not, less impressive fight scenes. This reviewer would at least liked to have been able to see a direct sequel to this film, but, despite its extremely low budgeted budget, it would no doubt have been a direct sequel to a film that was actually a decent entry into the series. For this reviewer, the BloodRayne series is dead in the water, and this latest film is a painful reminder of this.

BloodRayne 2005 BRRIP 1080P Unrated Directors Cut
